

EquaMente

Associazione
Culturale e di
Solidarietà.

EquaMente is an organization born in the autumn of 1995 with the aim of promoting mutual understanding and cooperation among Italian citizens, migrants and foreigners. Within this scope, we encourage and promote every initiative which - both in the field of solidarity, training and intercultural learning, as well - supports mutual exchange of different opinions, ideas and cultures, diminishes social and economical gaps and promotes a real, global and peaceful cultural reciprocal approach.

Within these actions, we particularly stress intercultural and non-consumeristic ways of living, in order to analyze and choose what is coming out from the most disadvantaged human environments in the North and in the South of the world.

EquaMente has got about 10 active members and 150 participants. It is also dealing with Fair Trade promotion and organized different self-managed initiatives during the previous years, sending its volunteers abroad. EquaMente took part to different projects both in the frame of YOUTH and YOUTH IN ACTION programmes.
